Greenwood Cemetery Burials

Compiled by Jerry Long

On first line of each entry is listed name of person and their birth and death dates. On lines below each entry is source that shows burial was at Greenwood Cemetery and additional information that they give on that person. At least one Primary Source that proves burial at Greenwood is listed for every person. The first source listed is the primary source that proves burial; additional sources that follow were used to establish birth and death dates and do not necessarily indicate place of burial. The following is a list of the Primary Sources used and what was abstracted from these sources:

- Monument – sections of cemetery where grave marker was found (sections 1, 2 or 3); data from inscription in quotation marks; for veterans military service in a particular war was put in brackets if not indicated on the monument.
- Kentucky death certificate – year filed & certificate number, listed birth & death dates (or age if no birth date given), name of spouse (h/o = husband of; w/o = wife of), names of parents (s/o = son of; d/o = daughter of; c/o = child of; i/o = infant of; maiden name of mother in parenthesis). Note that death certificates in some instances stated burial was at Greenwood Cemetery but other sources proved that burial was elsewhere.
- Obituary – from the “Owensboro Messenger” or “Owensboro Messenger-Inquirer”, date of issue & page number (for several a burial notice and not the first published obituary was used to prove burial at Greenwood. Abstracted dates of birth & death (or age), name of spouse, and names of parents (used abbreviations listed above). Note that obituaries in some instances stated burial was at Greenwood Cemetery but other sources proved that burial was elsewhere.
- Registration of Veterans' Graves (compiled by W.P.A., 1939-41) – this source was used to prove burial at Greenwood for five veterans who did not have a monument or Kentucky death certificate that proved burial.
- World War 1 & 2 Draft Registration Cards (Internet – Ancestry.com) or Federal Census records were used to establish birth dates that were not found in the above sources. Federal Census of 1930 listed if a veteran and it was crossed checked.
- US Headstone Applications for Military Veterans
- Illinois, Indiana, Michigan & Pennsylvania death certificates
- Records of Owensboro’s McFarland Funeral Home and Young’s Funeral Home (the latter includes records of the former Griffith Funeral Home and Agnew & Wheatley Funeral Home).
- Kentucky Birth Index, 1911-1999
- Various other records on the Internet sites Ancestry.com and familysearch.org

	Born	Died
Adair, Emma May Kentucky death certificate - 1927 #10371, d/o Gus & Belle (Nurse) Adair	29 Jan 1924	27 May 1927
