

Hancock County, KY 1860, 1870 & 1880 Federal Census Mortality Schedules

Transcribed by Jerry Long

In compiling the Federal census reports of 1860, 1870 and 1880 a mortality schedule (register of deaths) was compiled. The census taker asked if there had been any deaths at each residence during the previous year and the following is a listing of those reported for Hancock County, KY:

1860 HANCOCK COUNTY, KY CENSUS - MORTALITY SCHEDULE

For each decedent the following information is listed:

- Name
- month in year from June 1, 1859 thru May 31, 1860 in which person died

Temple, Susan	Jun - 50 - f - W - m - KY - none - unknown - sudden.
Morrison, Mary C.	Jun - 1 - f - W -KY- croup - 7 days.

Remarks (by census taker): In 1859 & 1860 scarlet fever prevailed to some extent and in most every case proved fatal. The water is generally soft or freestone(?). The soil in the river bottom is mostly allevial and very productive but back from the Ohio River it is not so good, it is broken. Sand stone abounds but little limestone. Some traces of iron and lead in different parts of county.
- G. J. Blewitt, ass't marshal
