The Kentucky Room has the original (hard) copies of the following McLean County newspapers. They are from the collection of the late Katharyn C. Leachman (1893-1976). They have never been microfilmed. The original copies are in storage and Xerox copies of each page have been placed in the Kentucky Room Vertical files (KRVF: McLean Co., KY – Newspapers). Eight of the following issues since they were Xeroxed have disappeared and the library only has the copies in the KRVF (these issues are noted below).
