

Oak Grove Church of God Cemetery

Ohio County, KY

Located on Highway 505 near Baizetown about one mile northeast of highway 231. The Oak Grove Church of God was formed out of the Horse Branch Church of God about 1938. The vacant Oak Grove School house was purchased and the members built a log church on the grounds, which stood until 1948 when a little framed church was built. It burned in October 1965. The current brick church was built within two months after the old church burned; it was dedicated on 22 January 1967 and was remodeled in 1990. The oldest death date inscribed on a monument in the cemetery was in 1963. Jerry Long, of Owensboro, KY, copied the cemetery on 7 May 1988.
